BUSINESS AND ENTREPRENEUR PARTNERSHIPS AND BUFFALO STATE
 SMALL BUSINESS DEVELOPMENT CENTER PRESENT:

Federal Funding Opportunities Workshop (SBIR/STTR)

This workshop will provide a basic description of the SBIR/STTR program and how companies and faculty can participate to support the commercialization of new technologies. In this session you will learn about opportunities to

- Inject cash into de-risking technologies, and building prototypes
- Participate as a subcontractor
- Develop strategic partners

This workshop is primarily directed at first time applicants and faculty looking to support technology commercialization.
